==========================================================

You shouldn't try to type your license key manually.  Follow these steps to enter
the key:

1) If you haven't already, download and install Beyond Compare 4 from:
     http://www.scootersoftware.com/download.php

2) Highlight the above key and press Ctrl+C to copy it to the clipboard.  It's
okay if you include some of the message before and after the key, but be sure to
include the BEGIN and END lines and everything in between.

3) Then, run Beyond Compare and select "Enter Key" (from the Help menu or any of
the "Evaluation" dialog boxes).  Beyond Compare should automatically detect your
key on the Clipboard -- Just click "OK" to accept it.

4) Exit and restart Beyond Compare if it asks you to do so.  From the Help menu,
select "About Beyond Compare" to verify your license information.

If you need any assistance or have any comments on Beyond Compare, please e-mail:
support@scootersoftware.com

Sincerely,
Sales Team
